BATTILOSSI FOR THE STAND PORRO AT THE SALONE DEL MOBILE 2024

Battilossi rugs were chosen for the Porro stand at the Salone del Mobile 2024, designed by Piero Lissoni with styling by Greta Cevenini. An architectural environment with a strong scenic impact, where the brand's furnishings and systems combine harmoniously with Battilossi rugs: not just furnishing objects, but true works of textile art, inviting us to explore the tradition and innovation that define the historic Turin-based company.

A selection of fine carpets made of the finest quality Ghazni wool handspun in Lahore, Pakistan, characterised by delicate shades such as ivory and cream, enriched by detailed three-dimensional decorations that harmoniously match the shapes and volumes of the furnishings. These luminous nuances visually expand the spaces and create a cosy ambience, lending a touch of timeless elegance.

TEXTURES

Porro Wardrobe Storage in frassino white melamine design Piero Lissoni + CRS Porro, sliding partitions Glide Miru/ Mirror Stripe.

Battilossi carpet TEXTURES Equinox Cream Rose
